

WALERGA ROAD AT DRY CREEK BRIDGE REPLACEMENT

PROJECT NO. 2570

SUPERVISORIAL DISTRICT 1

- VICINITY MAP -

- VIEW FROM WEST SIDE OF BRIDGE -

PROJECT DESCRIPTION

The existing Walerga Road Bridge over Dry Creek was built in 1973 and is prone to flooding. Due to new development in the vicinity and the flooding problems, the existing Walerga Road Bridge will be replaced. We are proposing to construct a new bridge to meet the anticipated needs of this community. The proposed bridge will be raised to reduce flood-related closures and improve emergency vehicle access during these events.
